

# San Diego County Treasurer-Tax Collector

San Diego, California

## ***INDEPENDENT ACCOUNTANT'S REVIEW REPORT AND SPECIAL-PURPOSE STATEMENT OF NET POSITION***

***March 31, 2022***

ISSUED BY DAN MCALLISTER, SAN DIEGO COUNTY  
TREASURER-TAX COLLECTOR

---

## INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To the Treasury Oversight Committee  
County of San Diego, California

We have reviewed the accompanying special-purpose Statement of Net Position (Statement) of the San Diego County Treasurer-Tax Collector (Treasury) as of March 31, 2022, and the related notes to the Statement. A review includes primarily applying analytical procedures to management's financial data and making inquiries of Treasury management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the Statement as a whole. Accordingly, we do not express such an opinion.

### Management's Responsibility for the Financial Statement

Management of the Treasury is responsible for the preparation and fair presentation of the Statement in accordance with California Government Code Section 26920 as discussed in Note II; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a special-purpose statement of net position that is free from material misstatement whether due to fraud or error.

### Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants (AICPA). Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the Statement for it to be in accordance with the basis of accounting described in Note II. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of the Treasury and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

### Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying Statement in order for it to be in accordance with the basis of accounting described in Note II.

### Special-Purpose Financial Statement

We draw attention to Note II of the Statement, which describes the financial statement presentation. The Statement is prepared for the purpose of complying with California Government Code Section 26920 and is not intended to be presented in conformity with accounting principles generally accepted in the United States of America. Our conclusion is not modified with respect to this matter.

**Restriction on Use**

This report is intended solely for the information and use of the management of the San Diego County Treasurer-Tax Collector and the Treasury Oversight Committee and is not intended to be, and should not be, used by anyone other than these specified parties.

**I. FINANCIAL REPORTING ENTITY**

The San Diego County Investment Pool (Pool) was originally formed in 1853 by the County of San Diego Board of Supervisors (Board) to invest assets of the County of San Diego (County) and other external parties. The Pool is a part of the County and is responsible for approximately \$13.1 billion in investments as of March 31, 2022. The Pool is administered by the Treasurer-Tax Collector, an elected office that is responsible for tax collection, banking, investment, disbursement, and accountability of public funds and is managed by the County Treasurer's Office (Treasury) on behalf of Pool participants. The Treasury also manages Specific Purpose Investment Portfolios (Dedicated Portfolios). As of March 31, 2022, the net position of the Pool and Dedicated Portfolios totaled approximately \$13.1 billion and \$265 million, respectively.

Participants of the Pool include the County, local school districts, local community colleges, other districts, and government agencies. The school districts are required by State statute to deposit funds with the Treasury, while other (non-County) participants are voluntary. Mandatory participants in the Pool comprise the majority of the Pool's assets, at 90.4%. All participants comply with the same requirements as stated in the Treasurer's Pooled Money Investment Policy (Investment Policy). The State of California gives the Board the ability to delegate the investment authority to the Treasury in accordance with Section 53607 of the California Government.

Pursuant to Sections 27130-27137 of the Government Code, the Board has established the Treasury Oversight Committee (TOC) which monitors and reviews the Investment Policy. The TOC consists of members appointed from the districts or offices that they represent, and up to five members of the public, having expertise or an academic background in public finance. The Investment Policy requires a financial audit to be conducted on a fiscal year basis, which includes limited tests of compliance with laws and regulations, with the duty of the TOC to review the audit.

The Pool and Dedicated Portfolios are not registered with the Securities and Exchange Commission (SEC) as an investment company. Investments under the accountability of the Treasury do not have any legally binding guarantees of share values.

**II. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***A. Financial Statement Presentation***

The accompanying special-purpose statement of net position (Statement) has been prepared using the economic resources measurement focus and accrual basis of accounting. The accompanying financial statement presents only the statement of net position of the Pool, pursuant to Section 26920 of the Government Code, and the Dedicated Portfolios, and is not intended to present fairly, the financial position of the County of San Diego, as a whole, in conformity with accounting principles generally accepted in the United States (GAAP). Accordingly, Treasury management has elected to omit note disclosures required by Governmental Accounting Standards Board (GASB) Statement No. 3, *Deposits with Financial Institutions, Investments (Including Repurchase Agreements), and Reverse Repurchase Agreements*, Statement No. 40, *Deposit and Investment Risk Disclosures—an amendment of GASB Statement No. 3*, and Statement No. 72, *Fair Value Measurement and Application*, since such disclosures are not required by Section 26920 of the Government Code.

The accompanying Statement differs from the Pool's Annual Comprehensive Financial Report (ACFR) for the fiscal year ended June 30, 2021. The Pool is the only financial reporting entity of the Pool's ACFR, which does not include the Dedicated Portfolios. The Pool's ACFR is presented to the Treasury Oversight Committee and is available at the Treasury's web site, [www.sdttc.com](http://www.sdttc.com).

**Notes to the Special-Purpose Statement of Net Position**  
**March 31, 2022**

***B. Cash and Deposits***

As of March 31, 2022, the Pool maintained accounts in JP Morgan Bank. The carrying amount of the Pool's total deposits was \$49,313,395 and the bank balance was \$20,882,120. The difference between the carrying amount and the bank balance includes temporary reconciling items such as outstanding checks and deposits in transit.

Government Code Section 53652 et. seq. and the Investment Policy prescribe the amount of collateral required to secure the deposit of public funds. Federal Deposit Insurance Corporation (FDIC) insurance is available for funds deposited at any one insured depository institution for up to a maximum of \$250 thousand for demand deposits and up to a maximum of \$250 thousand for time and savings deposits. The aforementioned Government Code and Investment Policy require that depositories collateralize public funds with securities having a market value of at least 10% in excess of the total amount of the deposits. These securities shall be placed in the institution's pooled collateral account and monitored by the State Treasurer of California or a mutually agreed upon third party custodian bank.

***C. Investments***

The Pool and Dedicated Portfolio's cash and investments are invested pursuant to Investment Policy guidelines established by the County Treasurer. As permitted by the Government Code, the Treasury developed, and the Board adopted, Investment Policy that further defines and restricts the limits within which the Treasury may invest. The investments are managed by the Treasury, which publicly posts investment activity for the Board on a monthly basis. Investment transactions are recorded on the trade date. Deposits and investments with the Treasury are exposed to risks such as credit risk, concentration of credit risk, custodial credit risk, and interest rate risk. Disclosures related to such risks as required under GASB No. 40 and certain disclosures relating to fair value measurements, hierarchy of fair value, and valuation techniques required under GASB Statement No. 72, are not presented in this report as the Treasury does not believe that such disclosures are necessary to meet the objectives of the users of the Statement. Investments are reported at fair value in accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*.

***D. Interest Receivable***

Interest receivable consists of interest accrued on investments including interest purchased with certain securities. At March 31, 2022, the Pool had \$19.6 million of interest receivable and the Dedicated Portfolios had \$2.7 million of interest receivable.

***E. Liabilities***

Distributions payable represents the interest earned on invested securities and not yet distributed to Pool participants. The Treasury calculates and records all interest earned, received, and accrued for the Pool on a monthly basis. Gains or losses as a result of market value fluctuations are not reflected in the apportionment to Pool participants unless a security is actually sold. Income earned on the pooled investments is apportioned quarterly based on the average daily balance of each Pool participant.

Accrued expenses represent the administrative fees for the third quarter of fiscal year 2022.

**III. TREASURY INVESTMENT STRATEGY**

The Treasury's investment strategy for the Pool is to maintain principal, provide cash to meet disbursement needs of participants, and generate a yield within the parameters of prudent risk management. The cash flow needs of Pool participants are monitored daily to ensure appropriate liquidity is maintained. The Treasury's general investment strategy is to buy high quality fixed income investments and hold to maturity.

**San Diego County Treasurer-Tax Collector**  
**Notes to the Special-Purpose Statement of Net Position**  
**March 31, 2022**

The Dedicated Portfolios are used to account for the net position of individual investment accounts. Although at times the Dedicated Portfolios may hold a position in the Pool, the related investment activity occurs separately from the Pool. The individual investment strategies of the Dedicated Portfolios are customized to the needs of the requesting participant.

The investments in the accompanying statements of net position are reported at fair value. The table below summarizes the investments for the Pool and Dedicated Portfolios at fair value:

	<u>San Diego County Investment Pool</u>	<u>Dedicated Portfolios</u>
Investments at Fair Value:		
Pass-Through Securities	\$ 491,061	\$ -
